

Abstract:

Title: EDUCATIONAL PROBLEMS IN SPORTING ENVIRONMENT

Tutor: Doc. PhDr. Jan Kocourek, CSc.

Objective:

The registration and category of mostly occurring educational problems in particular sporting branches. The comparison of appearing problem situations at separate age brackets.

Methodology:

The Content analysis of credit works of Coaching school students at FTVS UK concentrating on „Educational problems in my training group“.

Results:

The results describe mostly occurring problem situations among sporting children and youngsters.

Key words:

Educational problems, Problematic behaviour, Trainer/Coach, Motivation, Communication
